IMPORTANT: The game clock will not be stopped because of injury to any player unless, at the discretion of the referee, the injured player must be removed from the field by medical personnel. In case of extremely hot, humid conditions, water breaks may be designated by the referee. Due to the time allowed for the completion of all games, the clock will run continuously.

Inclement Weather/Unplayable Field Conditions. In the event unusual conditions necessitate rescheduling, curtailment, or cancellation of games, the Tournament Director shall have absolute authority to make these changes to best serve the interest of the tournament.

It is possible that weather conditions may lead to stoppages in play. In the event that weather or other events outside the control of the tournament officials causes delays, the following procedures will be used to ensure the least amount of disruption to the teams and tournament schedule:

1. If the delay occurs while the game is in progress, and the game cannot be restarted before the start of the next scheduled game, then the score of that game will be considered final. This is regardless of the length of time that the game had been played.
2. If conditions prevent a game from being played at all, the game will be listed as a 1-1 tie, and both teams will be awarded one point.
3. If a game can be started during its scheduled time, referees will be instructed to ensure that the following game starts on time. The game will be shortened accordingly even if this means that the two halves may be of different lengths
4. If a game can be restarted during its scheduled period, it will also be shortened to ensure that the next game starts on time.

In the event that final games are canceled, the division winner will be determined in accordance with the tiebreaker rule, points 1-5. If still tied, co-champions will be declared.
