

JOHNSON COUNTY
KANSAS
Aging & Human Services

Aging and Human Services serves over 200 households each month out of our three food pantries. The average household size served is four.

It takes approximately \$64 or 35 lbs. to provide meals for 7 days to a family of four.

Donating money and food helps provide meals for your neighbors in need, often freeing up their income to pay important expenses such as rent, utility and medical expenses.

Please check out the Amazon Wish List!
<https://a.co/dqkaQtd>

Items ordered on our wish list ship directly to our food pantries.

Please Note:

- All food or hygiene items must be new & unopened.
- We cannot accept expired items.
- No glass items.
